

Revision number: 1 Revision date: 07/06/2018

### 1. IDENTIFICATION

Product name: Product code:

#### Product use: Restrictions on use:

Company: TCI America 9211 N. Harborgate Street Portland, OR 97203 U.S.A. Telephone: +1-800-423-8616 / +1-503-283-1681 Fax: +1-888-520-1075 / +1-503-283-1987 e-mail: sales-US@TCIchemicals.com www.TCIchemicals.com

#### 2. HAZARD(S) IDENTIFICATION

| OSHA Haz Com: CFR 1910.1200:<br>WHMIS 2015: | Acute Toxicity - Oral [Category 4]<br>Acute Toxicity - Dermal [Category 4]<br>Skin Corrosion/Irritation [Category 2]<br>Germ Cell Mutagenicity [Category 2]<br>Carcinogenicity [Category 1B]<br>Specific Target Organ Toxicity (Single Exposure) [Category 3]<br>Flammable Liquids [Category 1]<br>Aquatic Hazard (Acute) [Category 3]<br>Aquatic Hazard (Long-Term) [Category 3] |
|---|---|
| Signal word:                                | Danger!   |
| Hazard Statement(s):                        | Extremely flammable liquid and vapor  |

Harmful if swallowed or in contact with skin Causes skin irritation Suspected of causing genetic defects May cause cancer Harmful to aquatic life Harmful to aquatic life with long lasting effects May cause respiratory irritation.

Pictogram(s) or Symbol(s):

Precautionary Statement(s): [Prevention]

[Response]

[Storage] [Disposal] Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, sparks, open flames and hot surfaces. – No smoking. Keep container tightly closed. Ground and bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing mist, vapors or spray. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Do not eat, drink or smoke when using this product. Wash hands and face thoroughly after handling. Wear protective gloves, protective clothing, face protection.

If swallowed: Call a poison center or doctor if you feel unwell. Rinse mouth. If on skin: Wash with plenty of soap and water. Call a poison center or doctor if you feel unwell. Take off contaminated clothing and wash it before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center or doctor if you feel unwell. If exposed or concerned: Get medical advice or attention. Store in a well-ventilated place. Keep container tightly closed. Store locked up.

Dispose of contents and container in accordance with local, regional, national regulations (e.g. US: 40

Furan (stabilized with BHT) F0074

TCI AMERICA

SAFETY DATA SHEET

For laboratory research purposes. Not for drug or household use.

## **TCI AMERICA**

CFR Part 261, EU:91/156/EEC, JP: Waste Disposal and Cleaning Act, etc.).

# Hazards not otherwise classified: [HNOC]

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Substance/mixture: | Substance  |
|--------------------|--|
| Components:        | Furan (stabilized with BHT)  |
| Percent:           | >99.0%(GC)   |
| CAS RN:            | 110-00-9   |
| Molecular Weight:  | 68.08  |
| Chemical Formula:  | C4H4O  |
| Synonyms:          | Divinylene Oxide (stabilized with BHT), Oxol (stabilized with BHT) |
| Stabilizers:       | Buttylated bydroxytoluene  |
| Stabilizers:       | Butylated hydroxytoluene   |

May cause polymerization.

# 4. FIRST-AID MEASURES

| Description of first aid measures |  |  |  |  |
|-----------------------------------|--|--|--|--|
| Inhalation:                       | Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical<br>advice/attention.              |  |  |  |
| Skin contact:                     | Remove/Take off immediately all contaminated clothing. Gently wash with plenty of soap and water.<br>Get medical advice/attention. |  |  |  |
| Eye contact:                      | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Get medical advice/attention.   |  |  |  |
| Ingestion:                        | Get medical advice/attention.Rinse mouth.  |  |  |  |
| Symptoms/effects:                 |  |  |  |  |
| Acute:                            | Redness.   |  |  |  |
| Delayed:                          | May cause heritable genetic damage in humans. May have effects on the respiratory tract. Possibly<br>carcinogenic to humans.       |  |  |  |

Indication of any immediate medical attention: Not available.

Notes to physician: No data available

# 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media:<br>Unsuitable extinguishing media:  | Dry chemical, foam, carbon dioxide.<br>Water (It may scatter and spread fire.)  |
|---|---|
| Specific hazards arising from the<br>chemical:<br>Hazardous combustion products:<br>Other specific hazards: | This substance may polimerize explosively when heated or involved in a fire. Container may explode when heated. Combat fire from a sheltered position.<br>These products include: Carbon oxides<br>Closed containers may explode from heat of a fire. |
| Advice for firefighters:  | Wear self-contained breathing apparatus if possible.  |

# 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective equipment and emergency procedures: | Use extra personal protective equipment (self-contained breathing apparatus). Keep people away from<br>and upwind of spill/leak. Ensure adequate ventilation. Entry to non-involved personnel should be<br>controlled around the leakage area by roping off, etc.                         |
|--|---|
| Environmental precautions:   | Prevent product from entering drains.   |
| Methods and materials for containment<br>and cleaning up:            | Absorb spilled material in dry sand or inert absorbent before recovering it into a covered container. In case of large amount of spillage, contain a spill by bunding. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations. |
| Prevention of secondary hazards:                                     | Remove all sources of ignition. Fire-extinguishing devices should be prepared in case of a fire. Use spark-proof tools and explosion-proof equipment.   |

| 7. HANDLING AND STORAGE                  |  |
|--|--|
| Precautions for safe handling:           | Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent generation of vapour or mist. Keep away from heat/sparks/open flame/hot surfacesNo smoking. Take measures to prevent the build up of electrostatic charge. Use explosion-proof equipment. Wash hands and face thoroughly after handling. |
|  | Use a closed system if possible. Use a ventilation, local exhaust if vapour or aerosol will be generated.<br>Avoid all contact!  |
|  | Confirm in advance if peroxides exist when operations involving heating such as distillation are carried out.  |
| Conditions for safe storage, including a | ny incompatibilities   |
| Storage conditions:                      | Keep container tightly closed. Store in a cool, dark and well-ventilated place.<br>Store locked up.  |
|  | Store away from incompatible materials such as oxidizing agents.   |
| Packaging material:                      | Comply with laws.  |
| 8. EXPOSURE CONTROLS / PERSO             | NAL PROTECTION   |

| Appropriate engineering controls: | Follow safe industrial engineering/laboratory practices when handling any chemical. Install a closed system or local exhaust. Also install safety shower and eye bath.  |
|-----------------------------------|---|
| Personal protective equipment     |   |
| Respiratory protection:           | Half or full facepiece respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc.<br>Use respirators approved under appropriate government standards and follow local and national<br>regulations. |
| Hand protection:                  | Impervious gloves.  |
| Eye protection:                   | Safety goggles. A face-shield, if the situation requires.   |
| Skin and body protection:         | Impervious protective clothing. Protective boots, if the situation requires.  |

# 9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical state (20°C):<br>Form:<br>Colour:<br>Odour:<br>Odor threshold:<br>Odour threshold:  | Liquid<br>Clear<br>Colorless - Slightly pale y<br>No data available<br>No data available<br>No data available | yellow  |  |
|--|---|---|--|

| Flash point:<br>Flammability(solid, gas):  | -35°C (-31°F)<br>No data available  | Autoignition temperature:<br>Flammability or explosive limits:<br>Lower:<br>Upper:                        | 413°C (775°F)<br>2.3%<br>14.3%   |
| Solubility(ies):<br>[Water]<br>[Other solvents]<br>Very soluble:<br>10. STABILITY AND REACT  | Very slightly soluble<br>Ether, Alcohols  |   |  |

| Reactivity:<br>Chemical stability:  | No data available<br>Polymerization may occur under the influences of heat, light or on contact with polymerization initiators<br>such as peroxides etc. May form explosive peroxides. |
|-------------------------------------|--|
| Possibility of hazardous reactions: | No special reactivity has been reported.   |
| Conditions to avoid:                | Heat, Spark, Open flame, Static discharge, Air, Light  |
| Incompatible materials:             | Oxidizing agents   |
| Hazardous decomposition products:   | Carbon dioxide, Carbon monoxide  |

### 16. OTHER INFORMATION

#### Revision date: 07/06/2018

## Revision number: 1

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
