

SAFETY DATA SHEET

Revision Date: 11/19/2015 Revision Number: G1 Preparation Date: 11/19/2015

IDENTIFICATION

Product identifier

Product code: K1025 **Product Name: KEROSENE**

Other means of identification

Kerosine Synonyms: Coal Oil

CAS #: 8008-20-6 QA5500000 RTECS# CI#: Not available

Recommended use of the chemical and restrictions on use

Degreasing agent. Cleaning agent. Illuminating fuesl (in Kerosene lamps), heating Recommended use:

fuels (in stoves), motor fuels.

No information available Uses advised against

Spectrum Chemical Mfg. Corp Supplier:

14422 South San Pedro St.

Gardena, CA 90248

(310) 516-8000

Order Online At: https://www.spectrumchemical.com

Emergency telephone number Chemtrec 1-800-424-9300 **Contact Person:** Martin LaBenz (West Coast) Ibad Tirmiz (East Coast) **Contact Person:**

2. HAZARDS IDENTIFICATION

Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 2B
Specific target organ toxicity (single exposure)	Category 3
Aspiration toxicity	Category 1
Flammable liquids	Category 3

Label elements

1/12 Product code: K1025 **Product name: KEROSENE**

Danger

Hazard statements

Causes skin irritation

Causes eye irritation

May cause drowsiness or dizziness

May be fatal if swallowed and enters airways

Flammable liquid and vapor

Hazards not otherwise classified (HNOC)

Not Applicable

Other hazards

May be harmful in contact with skin

Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling

Avoid breathing dust/fume/gas/mist/vapors/spray

Use only outdoors or in a well-ventilated area

Keep away from heat/sparks/open flames/hot surfaces. — No smoking

Keep container tightly closed

Ground/bond container and receiving equipment

Use explosion-proof electrical/ventilating/lighting/ .? /equipment

Use only non-sparking tools

Take precautionary measures against static discharge

Keep cool

Wear protective gloves

Wear eye/face protection

Precautionary Statements - Response

Specific treatment (see .? on this label)

In case of fire: Use CO2, dry chemical, or foam to extinguish.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

If skin irritation occurs: Get medical advice/attention

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower

Wash contaminated clothing before reuse

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician

Do NOT induce vomiting

Precautionary Statements - Storage

Store locked up

Store in a well-ventilated place. Keep container tightly closed

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Product code: K1025 Product name: KEROSENE 2 / 12

3. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS-No.	Weight %	Trade Secret
Kerosene	8008-20-6	100	*
8008-20-6			

4. FIRST AID MEASURES

First aid measures

General Advice: Poison information centers in each State capital city can provide additional

assistance for scheduled poisons (13 1126)

Skin Contact: Wash off immediately with soap and plenty of water removing all contaminated clothes and

shoes. Get medical attention. If skin irritation persists, call a physician.

Eye Contact: Flush eyes with water for 15 minutes. Get medical attention.

Inhalation: Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration.

Get medical attention.

Ingestion: Do not induce vomiting without medical advice. Never give anything by mouth to an

unconscious person. Consult a physician if necessary.

Most important symptoms and effects, both acute and delayed

Symptoms Mild eye irritation. Moderat

Mild eye irritation. Moderately irritating to the skin. Aspiration hazard if swallowed - can enter the lungs and cause damage. Aspiration into the lungs may cause pulmonary edema. Aspiration into the lungs may cause chemical pneumonitis. Causes digestive (gastrointestinal) tract irritation. May cause abdominal pain, nausea, vomiting, diarrhea. Central nervous system effects. May affect the cardiovascular system. Cardiac arrhythmias. Weak, rapid pulse or rapid heart rate (Tachycardia). May affect respiration (dyspnea, respiratory stimulation). May cause

headache. May affect the liver. It may affect the kidneys.

Indication of any immediate medical attention and special treatment needed

Notes to Physician: Treat symptomatically

Protection of first-aiders

First-Aid Providers: Avoid exposure to blood or body fluids. Wear gloves and other necessary protective clothing. Dispose of contaminated clothing and equipment as bio-hazardous waste

5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media: Carbon dioxide (CO2). Dry chemical. Water spray mist or

foam.

Unsuitable Extinguishing Media: Do not use a solid (straight) water stream as it may scatter

and spread fire.

Specific hazards arising from the chemical

Hazardous Combustion Products: Carbon monoxide; Carbon dioxide

Product code: K1025 Product name: KEROSENE 3 / 12

Specific hazards: Flammable

May be ignited by heat, sparks or flames

Vapor may travel considerable distance to source of ignition

and flash back

Vapors may form explosive mixtures with air

Most vapors are heavier than air. They will spread along the

ground and collect in low or confined areas (sewers,

basements, tanks)

Container explosion may occur under fire conditions or when

heated

Fire may produce irritating, corrosive and/or toxic gases

Special Protective Actions for Firefighters

Specific Methods: Water mist may be used to cool closed containers. For

larger fires, use water spray or fog. Cool containers with flooding quantities of water until well after fire is out.

Special Protective Equipment for Firefighters: As in any fire, wear self-contained breathing apparatus

pressure-demand, MSHA/NIOSH (approved or equivalent)

and full protective gear

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions: Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid contact

with skin, eyes and clothing. Use personal protective equipment. Remove all sources of ignition. Pay attention to flashback. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use spark-proof tools and explosion-proof equipment. In case of large spill, water spray or vapor suppressing foam may

be used to reduce vapors, but may not prevent ignition in closed spaces.

Environmental precautions Prevent further leakage or spillage if safe to do so. Prevent product from entering

drains. Prevent entry into waterways, sewers, basements or confined areas.

Methods and material for containment and cleaning up

Methods for containmentStop leak if you can do it without risk. Absorb spill with inert material (e.g. vermiculite,

dry sand or earth). In case of large spill, dike if needed. Dike far ahead of liquid spill

for later disposal.

Methods for cleaning upUse appropriate tools to put the spilled material in a suitable chemical waste disposal

container. Use clean non-sparking tools to collect absorbed material. Clean

contaminated surface thoroughly.

7. HANDLING AND STORAGE

Precautions for safe handling

Technical Measures/Precautions:

Provide sufficient air exchange and/or exhaust in work rooms. Remove all sources of ignition. To avoid ignition of vapors by static electricity discharge, all metal parts of the equipment must be grounded. Keep away from incompatible materials.

Safe Handling Advice

Wear personal protective equipment. Use only in well-ventilated areas. Avoid contact with skin, eyes and clothing. Keep away from heat and sources of ignition. Do not breathe vapors or spray mist. Do not ingest. When using do not smoke. Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Product code: K1025 Product name: KEROSENE 4 / 12

Technical Measures/Storage Conditions:

Keep container tightly closed in a dry and well-ventilated place. Store at room temperature in the original container. Keep away from heat and sources of ignition. Store in a segrated and approved area. Store away from incompatible materials.

Incompatible Materials:

Strong oxidizing agents. Strong acids. Alkalis.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

National occupational exposure limits

United States

Components	OSHA	NIOSH	ACGIH	AIHA WHEEL
Kerosene	None	100 mg/m ³ TWA	200 mg/m ³ TWA total	None
8008-20-6			hydrocarbon vapor	

Canada

Components	Alberta	British Columbia	Ontario	Quebec
Kerosene	200 mg/m ³ TWA total	200 mg/m ³ TWA total	200 mg/m3 TWA total	None
8008-20-6	Hydrocarbon vapour	Hydrocarbon vapour	hydrocarbon vapour	

Australia and Mexico

Components	Australia	Mexico
Kerosene	None	None
8008-20-6		

Appropriate engineering controls

Engineering measures to reduce exposure: Ensure adequate ventilation. Provide exhaust ventilation or

other engineering controls to keep the airborne

concentrations of vapors and mist below their respective

threshold limit value.

Individual protection measures, such as personal protective equipment

Personal Protective Equipment

Eye protection: Goggles.

Skin and body protection: Chemical resistant apron. Long sleeved clothing. Gloves.

Respiratory protection: Vapor respirator. Be sure to use an approved/certified respirator or equivalent.

Hygiene measures: Avoid contact with skin, eyes and clothing. When using, do not eat, drink or smoke.

Wash hands before breaks and immediately after handling the product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Product code: K1025 Product name: KEROSENE 5 / 12

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Appearance: Liquid. Clear. Oily. Light yellow.

Odor: Taste Formula:

No information available No information available Strong. Characteristic.

Molecular/Formula weight: Flammability: Flash point (°C):

No information available Flammable 38

Flashpoint (°C/°F): Flash Point Tested according to: Autoignition Temperature (°C/°F):

38-82°C/100.4-179.6 °F Closed cup 210°C/410°F

Viscosity: Miscibility: Solubility:

No information available Insoluble in water Miscible with other petroleum solvents

10. STABILITY AND REACTIVITY

Reactivity

Reactive with strong oxidizing agents

Reactive with strong acids Reactive with alkalis

Chemical stability

Stability: Stable under recommended storage conditions

Possibility of Hazardous Reactions: Hazardous polymerization does not occur

Conditions to avoid: Heat. Ignition sources. Incompatible materials.

Incompatible Materials: Strong oxidizing agents. Strong acids. Alkalis.

Carbon monoxide. Carbon dioxide. When heated to decomposition it emits acrid smoke and **Hazardous decomposition products:**

irritating fumes.

Other Information

Corrosivity: No information available

Special Remarks on Corrosivity: No information available

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product code: K1025 **Product name: KEROSENE** 6/12

Principal Routes of Exposure:

Ingestion. Skin. Eyes. Inhalation.

Acute Toxicity

Symptoms

Skin Contact: Contact causes skin irritation. Moderately irritating to the skin. It may be absorbed

through the skin.

Eye Contact: Causes eye irritation. Mild eye irritation.

Inhalation May cause irritation of respiratory tract. May cause burning sensation in the chest.

Because of its relatively low volatility, overexposure by inhalation is uncommon, but it can occur in poorly ventilated areas or by inhalation of mists or aerosols. Symptoms of inhalation overexposure include central nervous system (CNS) depression (transient euphora, headache, irritability, excitement, ringing in the ears, weakness,

incoordination, confusion, disorientation, drowsiness, tremor, somnolence, hallucinations, seizures, coma, death). May affect the heart (cardiac arrythmias), liver, kidneys, and respiration(asphyxia, apnea, acute pulmonary edema, dyspnea,

fibrosis, or cyanosis)

.

Product code: K1025 Product name: KEROSENE 7/12

Ingestion Causes digestive (gastrointestinal) tract irritation. It causes irritation or a burning

sensation of the mouth and throat . May cause abdominal pain. Causes nausea. Causes vomiting. May cause hypermotility, diarrhea. Aspiration hazard if swallowed. Aspiration into the lungs can cause chemical pneumonitis. Aspiration may lead to pulmonary edema. May cause coughing. May cause difficulty breathing. May affect liver . May cause hypoglycemia (low blood sugar). May cause central nervous system effects (affect behavior). May affect the cardiovascular system (cardiac

arrhythmias). May affect the cardiovascular system (tachycardia).

Aspiration hazard Aspiration hazard. May be fatal if swallowed and enters airways.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Chronic Toxicity Inhalation: Repeated or prolonged inhalation may cause respiratory tract irritation

and affect behavior/central nervous system with symptoms similar to that of acute inhalation. It may also affect the blood (changes in white blood cell count, changes in

serum compositon, pigmented or nucleated red blood cells, leukopenia,

normocytic anemia), cardiovascular system, respiratory system (trachea, bronchi),

and may cause kidney damage.

Ingestion: Repeated or prolonged ingestion may affect the liver, endocrine system (adrenal gland, pancreas, spleen), and metabolism (weight loss), and blood.

Skin: Repeated or prolonged skin contact may cause defatting dermatitis, erythema,

and eczema-like skin lesions, drying and cracking of the skin.

Sensitization: No information available

Mutagenic Effects: Mutations in microorganisms

Carcinogenic effects: Not classifiable as to its carcinogenicity to humans.
